- The tire is less than 10 (ten) years from the date of tire manufacture.

#### WHAT IS WARRANTED and FOR HOW LONG

An eligible tire that becomes unfit for the use which it was designed due to manufacturing defect in workmanship and material will be replaced with an equivalent new Bridgestone, Firestone or Associated Brands tire on the basis set forth in this Limited Warranty. Each tire brand has specific warranty coverage and certain conditions that apply; for details, see “Each Brand’s Limited Warranty Coverage.”

## **EACH BRAND'S LIMITED WARRANTY COVERAGE**

### **BRIDGESTONE Brand Limited Warranty**

#### **Platinum Pact Limited Warranty**

The Platinum Pact Limited Warranty covers all eligible Bridgestone brand passenger and light truck tires—except winter, and “temporary use” spare tires. A tire covered by the Platinum Pact Limited Warranty will be replaced with an equivalent new Bridgestone, Firestone or Associated Brands tire either free of charge or for a pro-rated amount if the tire becomes unfit for the use which it was designed due to manufacturing defect in workmanship and material under the following conditions:

- **The free tire replacement period** extends up to (a) 3 years from the date of purchase—proof of purchase date required, or (b) 4 years from the date of tire manufacture without proof of purchase date. During this period, the tire will be replaced free of charge (including mounting and balancing). You may be charged applicable taxes, the cost of valve stems, and disposal fees.
- **After the free tire replacement period**, coverage extends up to (a) 5 years from the date of purchase — proof of purchase date required, or (b) 6 years from the date of tire manufacture without proof of purchase date. During this period, the tire will be replaced but there will be a pro-rated charge. To determine the replacement price, the percent of warranted mileage, based on used tread wear, is multiplied by DEALER'S then current selling price for the replacement tire(s). The appropriate taxes, mounting, balancing, disposal fees, and other service charges may be added to the replacement price.
- **Rapid tread wear or wear-out** is not covered under the Bridgestone Platinum Pact, Firestone Gold Pledge, or basic Limited Warranty. See the Limited Mileage Warranty section of this manual.

- **Exclusions apply** - as identified in the section *“What This Limited Warranty Does Not Cover.”*

### **Winter, and “Temporary Use” Spare Tires**

- **There is no free replacement period.**
- **Coverage** extends up to 5 years from the date of purchase—proof of purchase date required. Without proof of purchase date, then 6 years from the date of tire manufacture. During this period, the tire will be replaced for a pro-rated amount. The appropriate taxes, mounting, balancing, disposal fees, and other service charges may be added to the replacement price.
- **Rapid tread wear or wear-out.** Winter and “temporary use” spare tires have no mileage warranty.
- **The tire must not be worn to 2/32 inch (1.6 mm) or less** remaining original tread depth (i.e. worn down to the top of the built-in indicators in the tread grooves).
- **Exclusions apply** - as identified in the section *“What This Limited Warranty Does Not Cover.”*

## 90 Day Buy & Try Guarantee

A tire covered by the Gold Pledge Limited Warranty will be replaced with an equivalent new Bridgestone, Firestone or Associated Brands tire either free of charge or for a pro-rated amount if the tire becomes unfit for the use which it was designed due to manufacturing defect in workmanship and material under the following conditions:

- **The free tire replacement period** extends up to (a) 3 years from the date of purchase—proof of purchase date required, or (b) 4 years from the date of tire manufacture without proof of purchase date. During this period, the tire will be replaced free of charge (including mounting and balancing). You may be charged applicable taxes, the cost of valve stems, and disposal fees.

During this period, the tire will be replaced but there will be a pro-rated charge. To determine the replacement

price, the percent of warranted mileage, based on used tread wear, is multiplied by DEALER'S then current selling price for the replacement tire(s). The appropriate taxes, mounting, balancing, disposal fees, and other service charges may be added to the replacement price.

- **Rapid tread wear or wear-out** is not covered under the Bridgestone Platinum Pact, Firestone Gold Pledge, or Basic Limited Warranty. See the Limited Mileage Warranty section of this manual.

- **Exclusions apply** - as identified in the section "*What This Limited Warranty Does Not Cover.*"

### **Winter, and "Temporary Use" Spare Tires**

An eligible Firestone brand, winter, or "temporary use" spare tire will be replaced with an equivalent new Bridgestone, Firestone or Associated Brands tire for a pro-rated purchase price if the tire becomes unfit for the use which it was designed due to manufacturing defect in workmanship and material under the following conditions:

- **There is no free replacement period.**
- **Coverage** extends up to 5 years from the date of purchase — proof of purchase date required. Without proof of purchase date, then 6 years from the date of tire manufacture. During this period, the tire will be replaced for a pro-rated amount. To determine the replacement price, the percent of used tread wear is multiplied by DEALER'S then current selling price for the replacement tire(s). The appropriate taxes, mounting, balancing, disposal fees, and other service charges may be added to the replacement price.
- **Rapid tread wear or wear-out.** Winter and "temporary use" spare tires have no mileage warranty.
- **The tire must not be worn to 2/32 inch (1.6 mm) or less** remaining original tread depth (i.e. worn down to the top of the built-in indicators in the tread grooves).
- **Exclusions apply** - as identified in the section "*What This Limited Warranty Does Not Cover.*"

### **90 Day Buy & Try Guarantee**

All Firestone brand passenger and light truck tires — except RFT/Run-Flat, original equipment tires on new vehicles, winter and "temporary use" spare tires — sold in sets of 4 or more tires through an authorized retailer are covered by the 90 Day Buy & Try Guarantee.

If a retail customer is not completely satisfied with their eligible Firestone brand tires, the tires can be returned to the location where they were originally purchased within 90 days of purchase for a full refund or exchange. Original proof of purchase is required.

The 90 Day Buy & Try Guarantee applies only to full sets of tires (4 or more tires purchased together); return of less than a full set of tires will not be accepted. Firestone brand tires applied as original equipment on new vehicles are not covered by the 90 Day Buy & Try Guarantee.

Additional exclusions apply, as identified in the section “*What This Limited Warranty Does Not Cover*”: including, but not limited to, tires worn beyond 2/32 of tread wear use, or tires damaged due to road hazards, misapplication or abuse. The 90 Day Buy & Try is limited to one set of tires per vehicle.

## **FUZION BRAND LIMITED WARRANTY**

The Fuzion Brand Limited Warranty will apply if (i) all the “ELIGIBILITY” requirements listed in the Limited Warranty are met and (ii) an eligible Fuzion Brand pattern, size and load range tire becomes unfit for the use which it was designed due to manufacturing defect in workmanship and material within 5 years from the date of tire purchase (proof of purchase date required) or 6 years from the date of manufacture (without proof of purchase date), subject to certain exclusions set forth in the “*What This Limited Warranty Does Not Cover*” section of the Limited Warranty.

The Fuzion Brand Limited Warranty will be as follows:

- **Free replacement during the first 50% of the tread life of the tire** if it becomes unfit for the use which it was designed due to manufacturing defect in workmanship and material up to 3 years from date of purchase (proof of purchase date required). The free replacement will be with an equivalent new Fuzion brand tire. The appropriate taxes, mounting, balancing, disposal fees, and other service charges may still apply.
- **After the free replacement period** noted above (or if the tire is past the first 50% of tread life), if the tire becomes unfit for the use which it was designed due to manufacturing defect in workmanship and material within 5 years from the date of tire purchase (proof of purchase date required) or 6 years from the date of manufacture (without proof of purchase date), the tire will be replaced with an equivalent new Fuzion brand tire for a pro-rated purchase price. To determine the replacement price, the percent of warranted mileage, based on used tread wear, is multiplied by DEALER’S then current selling price for the replacement tire(s). The appropriate taxes, mounting, balancing, disposal fees, and other service charges may be added to the replacement price.
- **The tire must not be worn to 2/32 inch (1.6 mm) or less of the remaining original tread depth** (i.e. worn

down to the top of the built-in indicators in the tread grooves) for this Fuzion Brand Limited Warranty to apply.

- **Exclusions apply** - as identified in the section *“What This Limited Warranty Does Not Cover.”*

## LIMITED MILEAGE WARRANTY

If an eligible tire covered by the Limited Mileage Warranty wears evenly across the tread down to the tread wear indicators — 2/32 inch (1.6 mm)—during its stated warranted mileage (as evidenced by the vehicle’s odometer), the tire will be replaced with an equivalent new Bridgestone, Firestone or Associated Brands tire under the following conditions for a pro-rated purchase price:

- **There is no free replacement period.**
- Only the passenger and light truck tires listed in this section are covered by the Limited Mileage Warranty for the mileage shown.
- Coverage applies only to the original purchaser, and only as long as the tires remain mounted on the vehicle described in the Customer Identification Section of this manual.
- Coverage extends up to 5 years from the date of purchase — proof of purchase date required. During this period, the tire will be replaced for a pro-rated amount. Without proof of purchase date, then 6 years from the date of tire manufacture.
- To determine the replacement price, the percent of warranted mileage, based on used tread wear, is multiplied by DEALER’S then current selling price for the replacement tire(s). The appropriate taxes, mounting, balancing, disposal fees, and other service charges may be added to the replacement price.
- Tires used in commercial service have no mileage warranty.
- Original equipment tires on new vehicles have no mileage warranty.
- Exclusions apply — as identified in the section *“What This Limited Warranty Does Not Cover.”*
- Even tread wear is defined as having no more than 1/32 (0.8 mm) difference in remaining tread depth between any two major tread grooves across the tire.
- For tires used on staggered fitments (vehicles with different size tires between the front and rear); the front tires will have the full mileage warranty (if available) and the rear tires will have one-half of the stated mileage warranty (if available).
- Tires with more than 4/32 inch (3.2 mm) remaining tread depth will not be accepted for Limited Mileage Warranty.

## Calculating the Percent of Warranted Mileage

### Tires with 2/32 inch (1.6 mm) remaining tread depth:

A tire worn to 2/32 inch (1.6 mm) will use the following procedure to calculate the percent of warranted mileage:

1. **Calculate Total kms.** Total kms = Odometer indicated km at time of removal – Odometer indicated km when tires installed.
2. **Calculate Percentage Warranted kms.** Percentage Warranted kms = Total kms / Warranted km (from tables in this manual).
3. **Calculate Replacement Price.** Replacement Price = Percentage Warranted kms x DEALER'S current sell price. NOTE: This represents the price the DEALER will charge to replace the tire (The appropriate taxes, mounting, balancing, disposal fees, and other service charges may be added to the replacement price).

Example: Odometer indicated km at time of removal = 210,000 km. Odometer indicated km when tires installed = 137,000 km. DEALER sells the tire for \$100. Tires installed are Bridgestone Ecopia 422.

1. Total Miles = 210,000 km – 137,000 km = 73,000 km
2. Percentage Warranted kms = 73,000 km / 110,000 km = 0.66 or 66%.
3. Replacement Price = \$100 x 0.66 = \$66.

### Tires with 3/32 inch (2.4 mm) remaining tread depth:

A tire worn to 3/32 inch (2.4 mm) will use the following procedure to calculate the percent of warranted mileage:

1. **Calculate Total kms.** Total kms = Odometer indicated km at time of removal – Odometer indicated km when tires installed.
2. **Calculate km per 32nd.** km per 32nd = Total km / (Original Tread Depth – Remaining Tread Depth).
3. **Calculate Projected km.** Projected km = Total kms + km per 32nd.
4. **Calculate Percentage Warranted kms.** Percentage Warranted kms = Projected km / Warranted km (from tables in this manual).
5. **Calculate Replacement Price.** Replacement Price = Percentage Warranted kms x DEALER'S current sell price. NOTE: This represents the price the DEALER will charge to replace the tire (The appropriate taxes, mounting, balancing, disposal fees, and other service charges may be added to the replacement price).

Example: Odometer indicated km at time of removal = 210,000 km. Odometer indicated km when tires installed = 137,000 km. DEALER sells tire for \$100. Tires installed are Bridgestone Ecopia 422.

1. Total kms = 210,000 km – 137,000 km = 73,000 km
2. km per 32nd = 73,000 km / (10/32-3/32) = 10,428 km.
3. Projected km = 73,000 km + 10,428 km = 83,428 km.
4. Percentage Warranted kms = 83,428 km / 110,000 km = 0.76 or 76%.
5. Replacement Price = \$100 x 0.76 = \$76.

Tires with 4/32 inch (3.2 mm) remaining tread depth:

A tire worn to 4/32 inch (3.2 mm) will use the following procedure to calculate the percent of warranted mileage:

1. **Calculate Total kms.** Total kms = Odometer indicated km at time of removal – Odometer indicated km when tires installed.
2. **Calculate km per 32nd.** km per 32nd = Total km / (Original Tread Depth – Remaining Tread Depth).
3. **Calculate Projected km.** Projected km = Total kms +(2 x km per 32nd).
4. **Calculate Percentage Warranted kms.** Percentage Warranted kms = Projected km / Warranted km (from tables in this manual).
5. **Calculate Replacement Price.** Replacement Price = Percentage Warranted kms x DEALER'S current sell price. NOTE: This represents the price the DEALER will charge to replace the tire (The appropriate taxes, mounting, balancing, disposal fees, and other service charges may be added to the replacement price).

Example: Odometer indicated mileage at time of removal = 210,000 km. Odometer indicated km when tires installed = 137,000 km. DEALER sells tire for \$100. Tires installed are Bridgestone Ecopia 422.

1. Total kms = 210,000 km – 137,000 km = 73,000 km
2. km per 32nd = 73,000 km / (10/32-4/32) = 12,166 km.
3. Projected km = 73,000 km + (2 x 12,166 km) = 97,333 km.
4. Percentage Warranted kms = 97,333 km / 110,000 km = 0.88 or 88%.
5. Replacement Price = \$100 x 0.88 = \$88.
